

## Sports Hall Of Fame Inductee

# Labbe Recipient Of SJC Coveted Award

SJC Sports Hall of Fame first came into being during the centenary year of football, 1969, and was called the Football Hall of Fame. The first group inducted was honored at half-time and feted with a luncheon. Two years later the Alumni Association refined the mode of selection and tightened the regulations for entry into the Hall. Balloting took place through **Contact** and the winners were invited to a dinner and awarded a plaque. Presently a committee chosen by the National Alumni Board combs through the list of potential candidates and makes the designation. The winner must be a gifted athlete, out of college at least five years, and hold a position of respect in his local community.

This year's inductee was Edward J. Labbe, '59, a native of New Hampshire. Even in high school in Dover, he excelled in track and

football, and was named to All-State all four years in both of these sports. He entered SJC in 1956 and lettered in football each year of his college career. He played in the Aluminum Bowl game in 1956, a member of Coach Jauron's ICC championship team. He graduated with a B.S. in physical education.

Ed returned to the east and has been associated with the Somersworth, NH high school athletic program since 1962. His teams have won championships and received numerous citations over the years. He is department head of physical education, athletic director of twenty-three sports, and a full-time physical education teacher.

The Somersworth Rotary Club honored Labbe as "Man of the Year," in 1978, and in 1979 he was selected as Coach of the Year in boys' basketball. He receives numerous invitations as a speaker and is a

member of several organizations related to athletics.

LABBE

With his wife, Marcia, and four children, Kimberly, Sheryl (a freshman at SJC), Alan, and Peter, Ed Labbe is a respected member of his

New England community and an exemplar of Catholic education. Saint Joseph's felt no hesitation in bestowing her Sports Hall of Fame accolade upon him, "in recognition of his outstanding athletic performance during his college years, and in view of his distinguished work after graduation among the youth of America, together with his enviable record of moral and civic leadership in his New Hampshire Community. His career illuminates the values and ideals held sacred by his Alma Mater."

Brother Gerard organized the dinner and the presentation which took place on the nineteenth of April. Ed invited many of his family and friends from the East; former recipients of the award were present; friends of his college days came to honor him; and The Very Reverend Daniel Schaefer, CPPS, moderator general of the Society of the Precious Blood, and former dean of men when Ed was a student here, graced the occasion and spoke at the dinner. It was a pleasant, warm homecoming for a much-beloved alumnus.

LABBE AND AHLER — CONFERRAL OF CITATION

SAINT JOSEPH'S COLLEGE

VOL. 36 - NO. 4

RENSSELAER, INDIANA

SPRING 1980

## Fr. Roof Marks 52 Years Of Service To Saint Joe's

A former provincial of the Society of the Precious Blood was wont, somewhat pretentiously, to refer to his brother religious as the "minute-men of the American Church," always willing to be of service when a need arises. Fr. Edward Roof, CPPS, now in his fifty-second year at Saint Joseph's, comes close to matching that portrayal throughout his years here. Immediately after his ordination he was assigned to the College, and has expended his energies in a variety of educational and college-related positions.

His graduate degree is in Latin and Greek and he taught the classics to many an aspiring seminarian when SJC was largely a preparatory seminary. But he was asked over the years to address himself to subjects as diverse as moral theology and physical education. In the academy division, especially during the war years, he held classes in history and religion. Many of his summers were spent in recruiting prospective students — not an easy job, but one at which he was particularly successful.

In the years preceding his retirement, Fr. Ed managed the bookstore and bravely faced hundreds of complaints on the part of students who seemed to feel that textbooks

should be sold for the price of the Sunday newspaper. He greatly expanded the selection of books and other items available to students and visitors when the bookstore moved to its new location in Halleck Center.

For seventeen years, Fr. Roof served as athletic director, and he takes credit for initiating and fostering the pleasant relationship between the Chicago Bears and the College during the more than twenty years the team spent its summers in Rensselaer.

CHAPLAIN ON A CRUISE

At the end of his active career, Saint Joseph's was happy to confer an honorary doctorate upon Fr. Roof in appreciation of the many roles he played in SJC's growth since 1929. A **professor emeritus** Fr. Ed maintains the affability, the helpfulness, and the priestly image which characterized him to so many students and alumni over more than a half-century.

Fr. Roof and classmates, 25th anniversary

## Meet The Board Of Trustees

Among the most active and effective members of our Board of Trustees is **Mrs. Mildred Tait**. She has been a member of the Board since 1975, and now holds the office of Vice-Chairperson of the Board. Along with Kathryn Boesch and Alice Ward, she serves on the Committee for Women's Affairs, and has been instrumental in initiating scholarships for women athletes. She supervises the College's implementation of Title IX — the federal legislation dealing with non-discrimination in sex in higher education. A recent project close to her heart is the set of murals surrounding the Halleck Center ballroom, depicting various aspects of SJC history. She has devoted both time and energy in raising interest and funds for this pictorial presentation of our past.

After attending the University of Wisconsin, Mrs. Tait was not long in making a name for herself in the business world. She held numerous offices in the Illinois Business and Professional Women's Organization and was president of the Skokie Valley. She was active in the Chicago Premium Club and the Promotion Marketing Association of America. She was past chairperson of the Advisory Council of the Indiana Future Business Leaders of America, and she was chosen Indiana Person of the Year by the Indiana Future Business Leaders of America.

At present, Mrs. Tait is president of Per Pak Corporation. She formerly headed her own packaging sales organization, and at various times was involved in the nuclear field, in personnel, and in media work.

TAIT

With her husband, Lloyd, who is likewise a devoted friend of the College, she divides her time between business in Brook, IN, and her home in the beautiful, rolling terrain near Janesville, WI. The minimal recreation time she has she spends in gardening, travel, golf, and reading.

Saint Joseph's College is grateful to Millie and Lloyd Tait for their myriad benefactions and their constant, warm solicitude.

## class notes

**28** The indefatigable **Father Harold Diller, CPPS**, at the age of seventy-one, shares chaplaincy work with his brother, Otto, at Lourdes Hospital in Paducah, KY. He is likewise the pastor of an integrated parish called Rosary Chapel. He has been appointed to the diocesan senate, and was recently selected as chairman of the Paducah Cooperative Ministry, an organization which cares for the needs of the poor and sponsors an adult home for the retarded. He is also involved in the planning stages of a hospice program for Paducah.

**43** **Joseph A. Hanley** is associated with the Vail Rubber Works, Inc., of St. Joseph, MI. He spent some time this summer in Ireland with his wife and friends.

**49** **Father Robert L. Conway, CPPS**, received his doctorate in history from Loyola University in Chicago in January. His dissertation was entitled, "A History of the Chilean Vicariate of the Precious Blood Fathers, 1947-1972." He is presently teaching at Calumet College.

**Kenneth P. Platt** is active in The Natural Family Planning Movement which promotes the use of the Billings Method of Natural Family Planning, a method which originated in Australia and has found acceptance in the United Kingdom, and more recently in our country. Ken has written the epilogue, "The Ovulation Method," to a book, **Contraception: What's Wrong?**, published by H.P. Dunn in the United Kingdom.

**50** On January 1, 1980, **George H. Dingley** was sworn in as mayor of Wabash, IN. He recently returned from a six-week tour of South Africa under the auspices of Rotary International.

**52** **Dan Shea** is employed by the Cleveland, OH, Board of Education in the Division of Safety and Security.

**53** **Mathias J. Walters**, with two partners, has formed his own company called DFW Petroleum, Inc., Oklahoma City, OK.

**Warren A. Malvick** has been involved with computers since his graduation and is presently the manager of a system programming staff in the Systems Division of Blue Cross and Blue Shield. He resides in Glen Ellyn, IL. His hobbies are photography and woodworking.

DINGLEY '50

FENKER '57

**54** **Father Bernard J. Boff** of Toledo, OH, Diocese has been elected president of the Toledo area Council of Churches for a two-year term. The Council encompasses 168 congregations of Orthodox, Protestant, and Catholic churches. He is the first Catholic to hold such a position.

Presently concluding his duties at the Catholic Theological Union in

Chicago is **Father Paul White, CPPS**. He will return to SJC for the fall semester as part-time chaplain and associate professor of economics.

**55** **Jim Zid** of Ernst and Whinney writes that his company has recently instituted a matching grants program and encourages any employee of the Cleveland company to participate in it.

**57** Effective January 1, 1980, **Daniel E. Fenker, CLU**, assumed the duties of president of Lincoln Cascades, Inc., corporate sales office in Portland, OR, for the Lincoln National Life Insurance Company. He previously served as Associate Agency Head in the Portland Agency. Lincoln National Life is ranked in the top one percent of the 1,800 life insurance companies in the country.

**60** Congratulations go to **Dan Rogovich**, basketball coach of Andrean High in Gary, IN, for the splendid showing his team made in the Indiana play-offs.

**63** **Sister Ann Weller**, Lafayette, IN, diocesan pastoral council executive director, has been elected a vice president of the Indiana Interreligious Commission on Human Equality, located in Indianapolis. The Commission is committed to eliminating racism in religious and societal structures.

**65** **John Terrence Sullivan** has been an assistant state's attorney for more than ten years. He has served in the civil division of the state's attorney's office, and has been chief of the drug abuse courts, where he developed a drug abuse prevention program for first offenders. He also established a new drug abuse court, and created and headed a special unit of undercover police officers investigating drug traffic. He likewise has been a trial attorney in the criminal courts and supervisor of the fourth municipal district of Maywood, IL.

**66** Past president of the alumni association, **Dale W. Fallat**, former assistant general counsel in the law department at The Andersons of Maumee, OH, has been promoted to the position of counsel for government affairs. He will represent the company at federal, state, and local government levels in the regulatory and law-making process.

**John Mannen** recently completed a course of studies and passed the exams to qualify as a Chartered Life Underwriter. He is employed by Lincoln National Life in Cleveland, OH. He ranked among the top forty agents in his company last year, and in January, 1980 he was the top agent in the entire USA.

**67** After almost ten years of service at Texaco, **Dennis C. Duncan** is now a novice at St. Benedict's Abbey, St. Benedict, LA. When he completes his novitiate he will teach geology at a college seminary adjacent to the Abbey. In a letter to Mr. Davis he says, "I think of you all often, but was really surprised last summer when we were driving down a New Orleans freeway and saw a PUMA van from Saint Joseph's of Indiana pass."

**69** **James M. Torreano** has recently been appointed superintendent of Ryerson-Chicago's plate processing facility. All plate flame cutting, shearing, sawing and grinding operations are under his supervision.

**70** **Charles M. Hicks** is now working as night-shift supervisor of American Bank Stationery, Louisville, KY.

**Lt. William J. McNally**, after attending

the Navy language school in Monterey, CA, is presently serving with the French Navy, representing our country as a liaison officer.

**John J. Long, Jr.**, has been named associate director of development at Lawrence Institute of Technology in Southfield, MI. In his new position he will be aiding in the College's annual and capital development programs, especially in the \$12.5 million capital campaign being initiated to build two buildings and alter others.

**71** **Stephen Bonowski** is serving a one-year term as president of the National Association of Disability Examiners, a professional association of physicians and government employees who work with the Social Security Disability Program. They provide input to Congress and the Social Security Administration on issues affecting programs and clients.

**72** Last July **Walt Klag, Jr.**, went to work for Cole National Corp. in Cleveland, OH. He is a buyer for their "Things Remembered" chain of specialty stores.

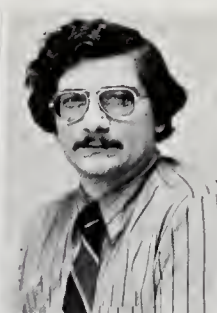

**73** Having finished his academic work at Wright State University, **Ronald J. Curtis** is now certified to teach in Ohio. He is temporarily substituting at St. Boniface School in Piqua, OH.

**Sarah R. Glass** has been named treasurer of Money Management Corporation in Munster, IN, the holding company of the Bank of Indiana. She joined the bank two years ago as senior auditor.

**Bonnie Pfister** and her husband Victor are involved with World Wide Marriage Encounter and will be doing travelling throughout Indiana. They live Indianapolis.

FALLAT '66

TORREANO '69

**Lt. Dana J. Stewart** is presently on the USS Forrestal in the Mediterranean. He flies an A-7 bomber.

**Capt. Robert E. Swisher, USAF**, has recently returned from the Philippines and is now residing with his wife and two daughters in Valdosta, GA.

**William E. Larger** is in training at Sinclair Community College in electronic data processing. He is active in the Pro-Life movement in the Dayton, OH area.

**75** **Peter J. Ngatchu** received a teaching appointment with the Ministry of National Education of the United Republic of Cameroon, and was elevated to the rank of Chief Examiner for Commerce and Principles of Accounts of the General Certificate of Education.

**Michael R. Noel** received his masters degree from the University of Miami, FL School of Marine and Atmospheric Science. He is employed by the Dade County Department of Natural Resources.

**76** **Robert W. Lehmenkuler** completed an intensive course in sales and marketing techniques with the Compugraphic Corporation. He lives in Carrollton, OH, and was formerly a senior communications representative with Western Union in Dayton, OH.

**77** **Paulinus I. Edet** received a masters degree in hospital administration at Governor's State University in Nigeria.

**John Peter Compton** has accepted a position as engineer of Communications for Fischback and Moore, Inc., of Landover, MD. He is currently officed in Baltimore where he is involved in the installation of the Baltimore Region Rapid Transit System. His home is in Cantonsville, MD.

**Paul Plaia** was promoted to controller at Tower Federal Savings and Loan Corporation at South Bend, IN.

## Alumni Directory Update Info

In March the Harris Publishing Company began its follow-up telephone calls to all alumni and alumnae for verification of the information to be printed in the Directory, which is tentatively slated for release next autumn. The telephone representatives likewise invited alumni to order personal copies of the Directory and asked if they were interested in advertising space. The telephone call was a follow-up to the two questionnaire card mailings sent to all alumni with verified addresses. **If you have not received your questionnaire, please contact the alumni office immediately.**

Since the cost of the Directory is self-liquidating through sales and advertising, these requests are made by the Harris Company with the complete approval of the College. These procedures enable Harris to make the book available to alumni at no cost nor obligation to the College. As a by-product, Harris supplies Saint Joseph's with a completely updated set of alumni records.

The Directory will provide a complete listing of all living alumni with their current addresses, including a biographical sketch on each alumnus and alumna — with name, class, degree(s), residence address and phone number, and business or professional information where available. It will also contain an introductory section on the history of the college and other current information of alumni interest.

Latest figures from the Harris Publishing Company indicate that the pre-publication sales are healthy, and that a good number of alumni are taking out advertising space in the volume.

Published four times a year (Winter, Spring, Summer, and Autumn) by Saint Joseph's College, and entered as second class matter March 4, 1972, at the Post Office at Rensselaer, Indiana, 47978 under the Act of August 24, 1912 — Contact Publication No. USPS 130700.

## LATE FLASH

Saint Joseph's College has been selected for the final round of judging in the 1980 Alumni Giving Incentive Awards Program, Sustained Performance Category. This program seeks to recognize institutions and their alumni and alumnae that have made significant commitment to encourage private voluntary support for education. Sixty thousand dollars will be awarded to various colleges and universities this year. This is the second time SJC has reached the finals and we hope to reap benefits this year, thanks to the generosity of the alumni.

# Notes From Your Alumni Director

On the twenty-first of February I participated in a very successful get-together in Detroit. Thirty-two alumni spent a pleasant evening at

Some of the alumni who attended the get-together at Jacoby's "Since 1904." Left to right, Jim '63 and Sue Francis, Jim McGill '63, and Dave O'Connor '63.

Jacoby's "Since 1904," and the consensus was that we shouldn't wait too long for a repeat performance. Jim Biernat, '63 and Jack Carlin, '62 made all the arrangements. Frs. Banet and Reale were also present.

Business Meeting? No, it's alumni from SJC at the get-together in Detroit. Left to right is Jack Carlin '62, James Beaudoin '60, and Michael Arce '60.

Bad weather prevented my attending the gathering in Indianapolis following the SJC-Butler basketball game. Thirty-five alumni braved the elements and met at the Garden House on the Butler campus. Dan Harbor, '76, vice-president for alumni relations, hosted the gathering in my absence. Again there was a marked feeling that such occasions should occur more often.

## Update On Father Shea

A recent communication from Father Donald Shea, CPPS, discloses that he is operating at a vertiginous pace in these days preceding the summer political conventions. As a member of the Republican National Committee, he has delivered a number of Lincoln Day addresses and has touched down in California, Alaska, Texas, New Hampshire and most points in between. He has assumed a new title: Director of Liaison to Ethnic and Religious Groups. In this capacity, among other groups, he will try to appeal to a politically powerful "moral majority," — the more than fifty million Evangelical-Fundamentalists, eight million of whom are unregistered.

As a member of the convention and platform committees of the RNC he is busy planning for the Detroit extravaganza in July. He is in charge of the Prayer Breakfast at the National Convention to be attended by 2500 people as the opening event on the convention agenda on July 14th.

Father Shea has likewise been appointed to the board of governors of the Institute of Applied Politics, to open this fall, in Salt Lake City, and he will teach one seminar there each semester as Adjunct Professor. Yet despite his compact schedule, he finds time to spend many weekends in Rensselaer and San Pierre where he visits his mother who resides there.

Two other regional meetings are scheduled for this spring. Cincinnati, OH graduates are invited to come together on May thirteenth at Meiners Tavern in St. Bernard at 6:00 P.M. for an evening of camaraderie. South-western Indiana alumni will gather in Jasper, IN on June fourteenth. Those living in these two areas will be notified as to details in plenty of time to make arrangements to attend.

In my last communique to you I said that I hoped to visit other areas to arrange gatherings. But since I have divided my time between alumni work and my duties in the vocation office of the Society of the Precious Blood, I was unable to cover some of the places I promised to visit. Later in the spring I intend to touch down in Toledo, OH, St. Louis, MO, the Calumet region, and Dayton, OH.

I would like to direct your attention to the article in this issue of *Contact* written by Bill Craig, director

of admissions for the College. It answers many of your questions concerning the enrollment situation at SJC. Your *alma mater* welcomes any cooperation in this area from our alumni and alumnae. After all, our best advertisement is you — our products!! Should you have any suggestions or should you wish to join other alumni in actively recruiting, please notify as soon as possible either the alumni office or the office of admissions.

Finally a reminder to all of you to inform me of any change of address, special events, or other items of information you would like to share with other members of the SJC family. The strength of our Alumni Association depends largely on lines of communication.

My prayers for each of you and your loved ones.

*Bro. Gerard*

## sports update

By CHUCK SCHUTTROW

Saint Joseph's women's basketball team highlighted the winter sports scene at Collegeville by rolling to a 14-7 season record and gaining a spot in the state finals of the Indiana Association of Intercollegiate Athletics for Women (IAIWW) tournament.

On the men's side, the Pumas finished 10-17 but laid the foundation for improvement in the immediate future.

"Overall, I'm really pleased with the effort and results of our basketball season," reports women's coach Sue Buntin. "Several key injuries depleted our depth during parts of the season, but we really couldn't have asked for more dedication and better results."

Jennifer Voreis became the first women's cager at SJC to score more than 1,000 career points (she has 1,030 with a season to go) as she led the Puma women with 17.6 scoring and 8.0 per-game averages. She also set a school record with 99 assists.

Pam Bell, tallest lady cager (6-1) ever at Saint Joe, added 10.2 points and 6.0 rebounds per game, while Nancy Scott (7.6 points, 5.6 rebounds), Ronda Hillenburg (6.4 points)

and Susan Decker (6.1 points) added fuel to the SJC offense.

Neville Brown, a 6-6, 230-pound forward, led the men with averages of 18.2 points and 10.1 rebounds per game as coach George Waggoner's team was victimized in several close games late in the season.

"Our final season record is a bit deceiving, because we were right in the thick of many games until the final minute, but then when we needed to get a critical shot to drop or a break to go our way, we didn't get it," Waggoner points out. "But we did do a lot of things well in 1979-80 and we are confident that our returning veterans and new recruits can quickly turn things around for us next winter."

Brown won all-Great Lakes Valley Conference honors and also was named to the all-regional team of the National Association of Basketball Coaches.

Neil Brown tallied 14.1 points per game for the Pumas and was joined in double figures by Gary Plamondon (13.7) and Gerald Kates (10.0). Javier Villeta averaged 8.4 points and 8.3 rebounds.

Spring sports opened in late March with baseball, men's track, women's track and men's tennis on the schedule.

## Bettinger: Senior Of The Year

Although the committee on academics of the alumni board had difficulty in screening seven candidates for the Senior of the Year Award, it came as a surprise to no one that Michael Bettinger was chosen.

Mike, a three-year Academic All-American defensive back for the Pumas, comes from Dayton, OH. He was not recruited for the team. "I stopped in Rensselaer by chance. I was driving down I-65 to another city and saw the College sign by chance, so I stopped and looked around." Obviously he was impressed: he stayed four years.

His prowess on the field is rivaled only by his performance in the classroom. He finished his first six semesters with a perfect 4.0 cumu-

lative grade index, and was recently awarded an NCAA scholarship for post-graduate study. But Mike's

priorities are in order: Christian, family man, scholar, and athlete — "these are the ideals I aspire to, and in that order."

Less than the Big Leagues but considerably more than the Little

Who can tell us why this picture was taken?

# Craig Comments On Enrollment

**Editor's Note:** Perhaps the most frequent inquiry we receive concerns enrollment. I have asked the Director of Admissions, Mr. William Craig, for his comments in this area for our alumni and alumnae.

One weekend this past month Saint Joseph's sponsored a bus trip from the East Coast for prospective students. These students were from six states from Maryland to Massachusetts, and all but a few of the thirty-five had applied and been accepted here. The reasons for our sponsoring these trips are numerous but all involve national enrollment trends, transportation costs and the "tight market" for recruiting traditional full-time students. At Saint Joseph's we are interested in keeping a geographical mix in the student body. However, in the past twenty years the average student distance from home nationally has gone from over 150 miles away in 1960 to under 40 miles away this year. Our competition for this group of students is not junior colleges as much as large state institutions in the student's home state.

National statistics last year indicated that the average American college student not only went to school close to home, but also indicated that the majority of students were enrolled part-time and were in their middle twenties. Saint Joseph's, by contrast, has a student body which is usually in the 18-22 age range. Practically all students here live on campus and practically

all are enrolled full-time. Although total enrollment has declined in the past ten years at the College (to 950 this past fall) there are strong indications that this trend will be reversed during the early 1980's even without the reinstatement of the draft. Our number of Indiana students has risen from 230 in 1975 to 485 this past fall. Students enrolled from Illinois have not decreased and the numbers of academic scholarship recipients have risen greatly (our freshman average was in the 70%ile of last spring's high school graduating class).

There are a number of things which alumni and other friends of the College can do to help during the 1980's. The Alumni Association has placed the recruitment of qualified students to Saint Joseph's as their highest priority. Help in bringing a student or two or three to the College is a large boost to your school. If you would like to see the material to give to prospective students (from your church, school, or local area) please let Brother Gerard or me know about it. We are certain that you will be proud enough to want to pass the publications along to a prospective student.

## Parents' Club Holds Banquet

In reality the hidden heroes and heroines of Catholic higher education's battle for truth and morality are the **mothers and fathers of our students** who have made the myriad sacrifices to insure an intellectual and moral formation for their children largely unavailable in public institutions. Saint Joseph's recognizes her indebtedness to the thousands of parents down the years who have brought their sons and daughters to her doors.

An especially enthusiastic group of these parents are the **Saint Joseph's Parents Club** who engage in a variety of activities to enhance campus living. Elsewhere in these pages credit is given for their recent refurbishing of the north and south lounges of Halleck Center. On the twenty-sixth of April they held their annual dinner-dance at the Bismark Hotel in Chicago under the chairpersonship of Bob and Vivian Polachek. In a raffle preceding the affair, \$8,500 was realized toward defraying the lounge renovations. Other monies come from sponsoring the Parents Weekend. Between \$120,000 and \$150,000 have accrued to the College in the past through the Parents Club.

Frs. Joseph Otte, CPPS, Richard Baird, CPPS, and particularly Paul White, CPPS can take deep satisfac-

## New Wicks Organ For College Chapel; Liturgical Music School Plans Activities

When the College chapel was renovated a few years ago, the east transept was left vacant in the hope that a new organ would occupy this space. The old instrument in the choir loft, which accompanied so many liturgical functions over the years, is quite beyond repair. But good organs are unbelievably expensive.

In 1976, the summer chorus of our summer church music program was invited to Philadelphia to sing at the Eucharistic Congress. The chorus was heard by a man who was impressed sufficiently to become a benefactor and initiate the first sizeable donation toward a new organ. Since that time there has been a steady flow of gifts from supporters of our church music and liturgical program.

By August of 1979, the fund was large enough to warrant the purchase of a new organ of sufficient size and sophistication to serve the needs of our chapel services and the requirements of the church music and liturgical school. The

contract was awarded to the Wicks Organ Company of Highland, IL.

This new Wicks will be a two-manual instrument of twenty-eight ranks and will be encased in wood for proper projection and protection. Specifications were drawn up by specialists of the company in consultation with the faculty of the music and liturgy program.

A number of recitals are being scheduled for the coming summer, including a dedicatory recital. Throughout the summer several hundred church musicians will hear

A view of the new Wicks organ under construction in the Chapel.

and play our new organ. Activities which will bring these musicians to Saint Joseph's are the Liturgical Institute (June 18-27), the Summer Session of Church Music and Liturgy (June 18 - August 1), and the Regional Convention of the National Association of Pastoral Musicians (August 5-7). Father Lawrence Heiman, CPPS, is director of the Rensselaer Program of Church Music and Liturgy.

## Indiana Alumni Conduct Biology Career Day

Dr. Kenneth Ahler '62, and Fran Bulington '72 of Rensselaer; Betty Conlon '79 of Crown Point; Dr. Joseph Fitzgerald '61 and Richard Hoying '74 of Indianapolis; and David Wilkins '76 of Remington all shared their experience and expertise with twenty faculty and students on February twenty-seventh.

Dr. Ahler, alumni president, practices medicine in Rensselaer. Miss Conlon is a medical technologist at St. Anthony's Hospital. Fran Bulington is a clinical supervisor at Jasper County Hospital. Dr. Fitzgerald is professor of pediatrics and director of the gastrointestinal disease section at Riley Children's Hospital. Mr. Hoying is a staff member of Eli Lilly & Company, while Mr. Wilkins is a quality control analyst for Griffith Laboratory. All explained the work they are doing and the various routes which led them to their present work. They highlighted the responsibilities and opportunities of their professions, and reflected on the quality of educational background relative to their present duties. And, not least in importance, they discovered to the students the wide variety of career choices open to those majoring in the biological and chemical sciences.

After the formal presentations and the question and answer session, an extended period of informal discussion ensued. Each student had ample opportunity to chat at length with the panelists.

Alumni and alumnae should be aware of the impact of their visits to the campus, especially in situations such as the career days organized by the Director of Placement, Mrs. Virginia Marzke. They bridge the gap between the academic atmosphere of today and the practical world of tomorrow, and ease that transition which every student must make.

faction for their part in keeping this sector of the SJC family flourishing. Bill Loomis is the current president, and Marge Liggett the chairwoman of Alumni Parents. Bob Clausen, manager of the Bismark, and his wife, Pat, have extended numerous and substantial courtesies to the Club and other members of the College Community. And special mention must be made of Emil Babiarz who this year sold one out of every four raffle tickets.

A long-delayed public thanks to all mothers and fathers of our graduates and a special accolade to the Parents Club!

## 11th Trustees Scholarship Dinner

The most informally formal fundraising event of the SJC school year is the Trustees' Scholarship Dinner each spring. This year it took place on April eighteenth at the Ambassador-West Hotel in Chicago. The energetic Phil Wilhelm, '63, served as chairman, and presented Fr. Banet with a check for \$22,000 for scholarships. About 210 attended and witnessed the three top scholars of the graduating class receive their awards for achieving a four-point index throughout their college years.

Since over fifty percent of our board of trustees are alumni, this dinner can be designated as an

Phil Wilhelm, Chairman

alumni function, at least partially so. As a matter of history, it was born of three prior President's Dinners sponsored by the alumni board, spearheaded by Chuck Vietzen. Anxious to encourage superior students to choose Saint Joseph's, trustees like Arthur Hellyer and John Schmidt conceived the annual Trustees' Scholarship Dinner. Be-

cause of the large concentration of alumni and friends in Chicago, they located the affair there, although other places have been suggested

Fr. White in an expansive mood

at one or another time throughout the years.

This year's dinner-dance, at \$125 a plate, attracted guests within

Waiting for dessert

a 200 mile radius of Chicago. The College has realized about \$225,000 over these eleven years, and the entire Saint Joseph's family is deeply grateful to the trustees and their guests for their part in stimulating academic excellence.

## Preview Of The Summer Contact

Some of you have been asking about SJC's efforts in the area of corporate giving. We hope to enlighten you concerning our projects in this field.

Graduates out of college more than ten years seem very curious about the Core Program. We will feature an article about that.

The periodic North Central Accrediting Association examination comes up during the 1980-81 school year. What is that accreditation all about and what do colleges do to prepare for the examiners? Why is it important for an institution to maintain its accreditation? We'll try to cover these matters in the summer issue.

We hope to have pictures of the renovations on campus, and a run-down on the summer improvements. The campus is not dead after graduation; our summer schedule has been expanding each year.

If you have any questions or information for CONTACT write the editor. He's always happy to hear from you.

# potpourri

Saint Joseph's Parents Association has made a gift-donation to the College of \$42,000 for new furnishings for the north and south lounges of Halleck Center. The renovations will include floor-to-ceiling draperies, carpeting, game tables, sofas and chairs, and both ceiling and table lighting. The Parents Association sponsors various fund-raising events throughout the year — raffles, a Christmas boutique, and an annual dinner and dance. The present furniture in the lounges dates back to 1965; it will be refinished and used in other areas of Halleck.

The basement of Halleck is also undergoing extensive changes under the watchful eye of Brother Gerard Von Hagel, CPPS, who was director of Raleigh Hall from 1958 to 1963. \$20,000 of terminated insurance money donated by alumni to the College has been assigned by the administration and the board of trustees for this project. Only the game room has been completed to date. The snack bar will be completely revamped. The basement is also the home of Core XI. More details will be published by **Contact** when the work is completed.

Several graduates have visited the campus recently to interview for their companies: Thomas Conrad for Rider, Wise and Conrad Accounting; Alvaro Guillen for Abex Corporation; Karen O'Brien for Main, Hurdman and Cranston Accounting; Ann Pantle for F.W. Hall Printing Co.; Allen Pepping for Burroughs Corporation; William Reed for Smith, Reed Accounting; Richard Worzala, National Bank examiner for the Chicago Regional Office of the Comptroller for the Currency; Jack Halpin for CNA Insurance Co.; James Pasquisi, for Xerox Corp.; and Paul Misniak for Signature Financial-Marketing, Inc., a subsidiary of Montgomery Ward. Mr. Misniak also took part in a seminar sponsored by the Business Club on the twenty-first of February, and coordinated a recruitment schedule for SJC on the fourth of March. Mrs. Virginia Marzke, Director of Guidance and Placement wishes to thank these alumni for their participation. Her office welcomes the cooperation of all alumni and alumnae in an effort to secure employment for graduating seniors.

Among the innovations sponsored by the Student Association this past year was an event called "Senior Weekend." Although the name is somewhat inaccurate, the project itself was eminently successful. Last year's seniors were invited back to campus for a weekend, and eighty appeared on the twenty-ninth of February. They were feted and housed in the dorms, perhaps as a reminder of what their life was less than a year ago, and prior to their present opulent way of life. A faculty reception was held in Core XI, and the present student body, at least, enjoyed visiting and reminiscing with these "oldsters." "Let's do this every year," was heard often enough to prompt the new Association officers to consider making this an annual event.

The end of March marked the end of the administration of the present Student Association officers. The newly elected team for the year 1980-81 is: Joe Hogan, president; Jeff Hirschfelder, social vice-president; Beci Bateman, secretary; and Augie Ghilarducci, treasurer. A re-

vised Student Association constitution passed by a vote of 376 to 171. **Contact** sends its very best wishes to the new officers and commends the outgoing officers on a job well done.

The annual President's Senior Dinner, sponsored by the Development Office took place on the twenty-seventh of March. An overwhelming majority of the senior class joined Father Banet, some members of the board of trustees, members of the alumni board, and

PRESIDENT'S SENIOR DINNER

the Development Office in an evening of camaraderie. The meal was especially appreciated, and one senior was heard to say, "This is the longest I've taken to eat since I entered college." Father Banet delivered himself of a short talk on the "state of the school," and

PRESIDENT'S SENIOR DINNER

Fathers Druhman and Reale, and Brother Gerard spoke briefly on their future relationships with these future alumni. Dr. Ahler, president of the Alumni Association, announced the Senior of the Year Award (chronicled elsewhere in this issue). After-dinner geniality continued in Core XI.

Together with 114 other colleges, Saint Joseph's participated in the gift-matching plan of the Maytag Company Foundation. Over the years this corporation and its employees have contributed almost \$400,000 to higher education.

Although the campus radio station — WPUM — lacks completely professional equipment, it has increased its broadcasting hours 300 percent within the last two years. Students majoring in communications, and those interested in this field, can get a very real picture and experience of what working at a radio station is like. The station's offerings are largely in the area of music (Bach and Mozart are in short supply!), yet local celebrities have been accorded ample time to discuss one or another phase of academic life. Dr. Garrity and Mr. Zawodny, for example, have discussed various facets of their offices. Students in broadcast journalism likewise enjoy the benefits of closed-circuit television experience. The studios came into being under the direction of Willard Walsh, now retired in Florida, and continue to prosper at the hands of Mr. Fred Berger.

The annual Academic Awards Dinner took place on the first of April. Students with high cumulative indices received due recognition for outstanding classroom performance. The various awards in sundry areas listed in the College Catalog were presented. The Father Edwin Kaiser prize for faculty excellence was bestowed on Dr. John Nichols.

Dr. Garrity, vice-president for academic affairs, announced four pro-

motions among faculty members. Dr. William Downard was raised to full professorship; Father William Stang, CPPS and Fred Berger were made assistant professors; and Father Ralph Verdi, CPPS, attained tenure.

The Old-Timers Spring Football Game took place on Saturday, March twenty-ninth when alumni engaged in mortal combat against the SJC 1980 Varsity. The score was a respectable 30-14. Alderman Ed Vrdolyak '59, was to have coached the Old-Timers, but a steel strike demanded his presence in Washington. Jim Righeimer, '54 and Tom Duffy, '66 collaborated in coaching the Old-Timers, while Mike Sheahan took over the direction of the Varsity, regaling his team with tales of his stellar performances during the middle 60's. The battle-scarred but undaunted alumni team was composed of:

Kirk Adams '79  
Mike Bettinger '80  
Don Clemens '77  
Jim DeLach '77  
Dan Devoe '70  
Tom Ferguson '78  
Tom Green '70  
Mark Greiner '79  
Greg King '79  
Bob Litzenberg '71  
Dan Lucas '77

Larry Olewinski '77  
Walt Prochno '76

Bill Reagan '74  
Jim Reinert '71  
Charlie Roarks '79  
Denny Stanczak '66  
Terry Taphorn '73  
Wayne Tilton '68  
John Timme '73  
Ralph Waldecki '79  
Rich Wheeler '72  
John Zaworski '79  
Joe Zimmer '68  
Dave Gandolph '72  
Steve Cusick '70  
Joe Kearns '76

## Fr. Otte: New Apostolate At 76

Few priests have found themselves involved in as many areas of Christ's vineyard as has Father Joseph Otte, CPPS. Here at Saint Joseph's he taught in the department of business administration and served

FR. OTTE

both as business manager and treasurer of the College. He worked in parish ministry in various parts of the country. He interested himself in the service to senior citizens and now at seventy-six, ordained almost forty-two years, he undertakes still another apostolic project as spiritual adviser and retreat director at the Jerusalem Community, Belen, New Mexico.

The Jerusalem Community is the Center of Formation for the members of The Society of Our Lady which operates missions and spiritual formation centers in Guatemala, Ethiopia, the Philippines, Thailand, Italy, Texas, and Illinois. It is a community of both lay and religious members whose primary aim is the evangelization of the needy.

His alma mater gave recognition to Fr. Joe's accomplishments a few years ago by conferring on him an honorary doctorate. We now congratulate him on his continuing energy and zeal, and wish him a plenitude of God's blessings in his latest undertaking.

Dear Fellow Alumni and Alumnae,

The redecoration and remodeling of the snack bar area of Halleck Student Union is progressing apace. The Student Union Board, under the direction of Mrs. Jennings has worked hard to make the old Raleigh Hall live again.

The formal dedication of the new snack bar took place on April sixteenth. Brother Gerard will continue to work with the Union Board and Administration to see that our alumni project measures up to the goals set by the students and approved by your Board.

On another note, your alumni officers are encouraged by your many letters, offering time and services on behalf of the Association. **Homecoming** promises to be the best ever this fall, and plans are well under way. Mark your calendar now for the weekend of **October eighteenth**.

We are presently looking at other projects in need of our help. Among these is an area in the chapel cafeteria to serve as a fitting reception or meeting area to be used by the Administration, Trustees, and other officers of the College. We are discussing rather detailed plans for this location with pivotal personnel.

Sincerely,

*Kenneth J. Ahler*

Kenneth J. Ahler, M.D. '62

Rensselaer, IN 47978

## Mauch Scholarship

The most traumatic experience for the entire campus during the past scholastic year was undoubtedly the fatal accident resulting in the loss of Dan (Bucky) Mauch. The tragedy occurred on the eighth of November during a hayride. The junior class set about immediately to memorialize their classmate by collecting funds for a scholarship in his honor. To date almost \$5,000 has been amassed. Contributions came from many sectors. Many students donated the cost of their meals (\$960); McDonald's and Pizza Hut helped. The Student Association gave \$300, and several campus clubs, individual students, faculty members, and administrators brought the figure to \$2,700. The Mauch family and their friends have pledged another \$2,500. At final count the total should exceed \$5,000.

This amount will be invested in the general scholarship fund of the College to earn interest. That interest will perpetuate the annual scholarship to be awarded to a junior majoring in history selected by the chairman of the history department, the financial aids officer, and the president of the junior class. Priority will be given to a 3.00 student from St. John, IN, Bucky's home town. Should no one from there qualify in a particular year, the money would go to a graduate from Lake Central High School, Bucky's alma mater. In the event that no one meets these priorities, the scholarship would be open to any other junior history major. The Mauch family has set up these guidelines. The first award will be given in May, 1981.

The Dan Mauch Scholarship Fund not only keeps alive the memory of a much-loved student, but is an ongoing tribute to the esteem and love of his family, friends, fellow students and teachers. Alumni and alumnae who may wish to participate can designate their contributions for this purpose.

# Your Last Chance To Help Us!!

Although this list may seem as long as the one printed in the last issue of **Contact**, it has been considerably shortened. Through the cooperation of our alumni and alumnae we have located considerably more than a hundred graduates through the courtesy of those who filled out the form at the bottom of the page. **We are sincerely grateful to those of you who assisted us in this project.** Every college and university in the country has a list of this type, and many print it periodically as we have done. In a nation as mobile as ours is today, it is inevitable that institutions lose track of graduates as they are promoted and move to different locations. **Please scan this list once more and help us curtail it still further.** Thank you.
